Subject: 10 PWD Outfalls with Trash in Discharge to Tookany - Tacony Creeks

Chris

I have sent PWD way too many photos as I have progressed up my TTF creek trash learning curve. In hopes of saving you review time, I have tried to consolidate the issue to 10 PWD outfalls that concern me. I have posted a pdf that shows the outfall locations and photos of outfall trash for these 10 outfalls [here](#).

I am working on a Mill Run Creek trash analysis which I will forward to you in a few days.
